

# Colored Jules

## Quick Triangle Wrap

---

### Description

This pattern is so simple its almost not a pattern and takes about 4hours to knit.

Using a boucle mohair 12ply (chunky) yarn with plain garter stitch (no purl) and large needles creates a lovely lacy look. There are also lots of ways to wear your triangle. Have a look at our website for some ideas.

### Materials

15mm needles.

1x 100gms Colored Jules Hand Dyed Boucle Mohair – 200 meters

**Tension** - Not important

### Tips

If you put an elastic band over the end of one needle you will easily be able to tell which row you are increasing on.

The looser you knit – the bigger it will be.

### Pattern

Cast on 3 stitches.

Using plain knitting or garter stitch (no purl) and knitting loosely:

Increase at beginning and end of **each** row until you have 35 stitches.

Continue in garter stitch, increasing **each end of every second row only**.

Continue, until you reach the desired size or until you only have enough yarn left to cast off – usually your ball of remaining yarn will be a bit smaller than the size of a golf ball.

Cast off as **loosely** as possible and darn in ends.
