

Colored Jules Sari Silk Scarf/Wrap

This pattern uses a simple lace stitch to give a stretch to your scarf. This means that you can wear it as a normal long scarf, or shake it out and wear it as a wrap or decorative poncho. The beautiful colours in this yarn really give a stunning look.

Make sure you knit another yarn with the sari silk. Something fine but with strength, otherwise it will eventually break at the shoulder due to the weight of the sari silk.

Materials

Size 15 mm knitting needles

160 to 200gms sari silk.

Finer strong complementary yarn to knit with sari silk

Pattern

Knit this pattern with one strand of sari silk along with one strand of a finer yarn or mohair to give strength to the garment.

If less than 180gms of sari silk yarn, cast on 29 stitches. If more, cast on 31 stitches.

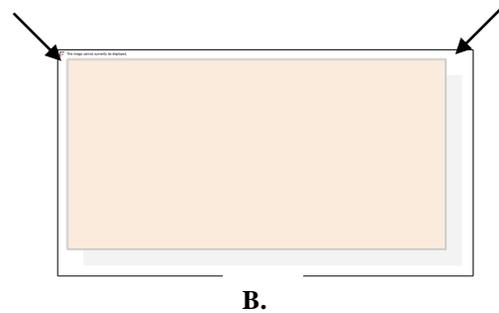

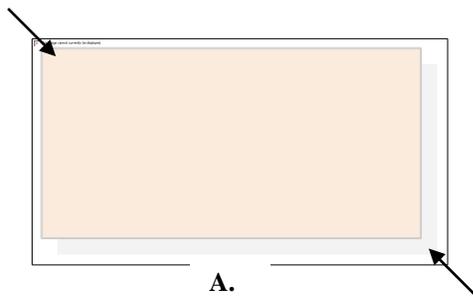

*Knit two stitches together, bring yarn around needles (as if you were going to purl the next stitch). Repeat from * till last stitch. Knit last stitch.

Continue this pattern until you only have enough yarn to cast off.

Hint: If you find you have two stitches left at the end of the row, you have made a mistake!

How to Wear it

A. To wear as a twisted wrap lay flat on the ground and pick up opposite corners as shown below. Place around your shoulders and use the opposite corners to tie a knot in the front or use a brooch to fasten.

B. To wear as a poncho or wrap, tie or pin at shoulder or front with ends show.
